PROFESSIONAL SUMMARY

Frontend Engineer with 3+ years building production React, Next.js, and TypeScript applications. Delivered AI streaming chat, reliable real-time messaging, authentication, payments, and reusable enterprise interfaces. Brings product delivery experience from Figma to production, with hands-on MERN development through ResolveAI.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+), HTML, CSS, Tailwind CSS

State & APIs: Redux Toolkit, Zustand, React Query, REST APIs, Axios, WebSockets, WebRTC

Product & tools: OTP / SSO, Firebase Cloud Messaging, Razorpay, Git, Figma, Node.js test runner

Hands-on MERN: Node.js, Express, MongoDB, Mongoose; Vercel and Render deployment

WORK EXPERIENCE

Frontend Developer | My Hub Technologies

Jun 2025 - Present | Hyderabad, India

- Delivered Aavtor AI's React / Next.js frontend for a product serving 1,000+ users, taking features from Figma designs to production.
- Built streaming AI chat with Markdown and code rendering, document uploads, and image-generation progress states.
- Implemented WebSocket messaging with read receipts, heartbeats, reconnect handling, and stale-socket guards for unstable connections.
- Integrated OTP and QR-based SSO, audio/video calling, Firebase web push, and Razorpay subscription checkout and verification APIs.
- Delivered 30+ enterprise CRUD modules with reusable tables, forms, filters, pagination, and role-based access control.
- Added regression tests for WebSocket lifecycle, notification handling, and API contracts; built responsive themes and keyboard-accessible navigation.

Junior Software Developer | Yenmin Communications

Apr 2023 - Mar 2025

- Built React screens with reusable tables, forms, search filters, and nested routing for enterprise applications.
- Implemented Redux Toolkit state management, Axios token interceptors, centralized API error handling, and Yup validation.
- Translated Figma designs into responsive Tailwind CSS interfaces and collaborated with backend and QA teams on releases.

SELECTED PROJECTS

ResolveAI | Personal MERN project

React / TypeScript support-ticket interface with Node.js, Express, MongoDB, and REST APIs. Python / FastAPI and RAG are planned next.

AmogaPay | Professional fintech project

Payment interfaces with OTP / JWT authentication, form validation, and reusable React / Next.js layouts.

EDUCATION

M.Sc., Statistics | Osmania University, Hyderabad | 2022

B.Sc., Mathematics, Statistics and Computer Science | Kakatiya University | 2017
